### WALLETS

Wallet case in high quality vegan leather with a magnetic back cover.

The wallet has three credit card compartments and a pocket for bills. The lock clasp on the wallet uses magnetic closing. Inside the wallet you will find a back cover for your phone, this can be removed from the case and attached to other magnetic surfaces. The back of the cover has a rubberized surface.

- Wallet case
- 3 credit card compartments
- 1 compartment for bills
- Removable magnetic back cover
- Back cover supports wireless charging
- Cutouts for camera, charging connector and buttons

#### Product name

DELTA CO AirPods silicone case, black  
DELTA CO AirPods silicone case, white

A black leather-textured tablet cover is the central focus, lying flat on a rustic wooden surface. A sleek, black pen with silver accents rests diagonally across the cover. In the lower-left corner, a white ceramic mug filled with dark coffee sits on a light-colored, textured paper napkin. The scene is lit with soft, natural light, highlighting the textures of the leather, wood, and paper.

## TABLET COVERS

### TPF-1302

A durable soft case for 7-8" tablets, made of silicone rubber. The reinforced edges absorb drop and fall damage and protects the tablet. Should the tablet fall with the screen facing down, the raised sides will keep it protected from damage.

The easy-to-use stand on the back allows you to tilt your tablet for movies and slideshows or lying on a table to form a writing and drawing rack with two adjustable angles.

- Stand with two angles
- Flexible silicone rubber
- Enhanced edges and raised sides
- For tablets between 7-8"

**MSRP:** 99 SEK / 99 NOK / 79 DKK / 9,90 €

### TPF-1305

A durable soft case for 9-11,6" tablets, made of silicone rubber.

The reinforced edges absorb drop and fall damage and protects the tablet. Should the table fall with the screen facing down, the raised sides will keep the screen protected from damage.

The easy-to-use stand on the back allows you to tilt your tablet for movies and slideshows or lying on a table to form a writing and drawing rack with two adjustable angles.

- Stand with two angles
- Flexible silicone rubber
- Enhanced edges and raised sides
- For most tablets between 9-11,6"
- Thickness for corner parts: 19.8 mm

**MSRP:** 149 SEK / 149 NOK / 99 DKK / 14,90 €

## TABLET COVERS

### TABLET COVERS

A durable soft case for tablets made of silicone rubber. The reinforced edges absorb drop and fall damage and protect the tablet from hard shocks. Should the tablet fall with the front first, the raised sides keep the screen well protected from damage. The easy-to-use stand on the back allows you to tilt your tablet upright for movies and slideshows or lying on a table to form a writing and drawing rack with two adjustable angles.

- Stand with two angles
- Flexible silicone rubber
- Cuts for ports and buttons
- Reinforced edges and raised sides

**MSRP:** 249 SEK / 249 NOK / 199 DKK / 24,90 €

## BICYCLE MOUNT

### ARM-240

This universal bicycle holder easily attaches to your handlebar.

When to use the holder, first put the supplied elastic rubber frame around your smartphone then pin your smartphone on the sides, thanks to the rubber frame the smartphone sits very stable. The holder only pins on the sides, which allows you to access your connections, for example, charging port or headphone jack both on top and underneath without problems. The holder has a ball joint that allows you to tilt and rotate your smartphone as you want it.

- Rotatable and tiltable
- For smartphones with 45-95 mm in width
- Suitable for handlebar with 15-35 mm in diameter

**MSRP:** 99 SEK / 99 NOK / 79 DKK / 9,90 €

**DESK STANDS**
